Sir:

In response to the Office Action dated April 24, 2003, please amend the above-identified application as follows:

Applicant's amendments in clean form.

IN THE SPECIFICATION:

On page 1, please delete the second full paragraph and replace it with the following new paragraph:

Recently, the display screen of a liquid crystal display (LCD) has been enlarged and the definition has been enhanced. A displayed image ranges from a static image as in a liquid crystal display used for a personal computer, a word processor and the like, to a dynamic image as in a liquid crystal display used for TV and the like. Since the compression technology for dynamic images has progressed and a dynamic image can now be also easily handled in a computer, a
